Need DoIT Business Cards?

As mentioned in last week's *Digest,* there is a new process for ordering DoIT-branded business cards. If you would like to place an order, please complete the form which can be found here. If you have any questions or concerns, please send them to IT.Transformation@illinois.gov.

What's New on the Wiki?

The anticipated outcomes for Sprint 3 of the IT Transformation program have been posted on the Wiki! This document outlines the key deliverables that are expected to be completed by the conclusion of Sprint 3 in mid-October. These efforts contribute to establishing DoIT as an agency focused on providing improved IT services to agencies.

All About That App!

The numbers are in! Over 12,000 users downloaded the Illinois State Fair app across two platforms from August 2nd-21st. If you were there on the 13th, you likely contributed to the 60,000 visits made to the app on that day, when Meghan Trainor performed. Kudos to the team at the Department of Agriculture for their hard work on going mobile in Illinois!

IT Transformation Word of the Week!

We will be featuring a term each week to help familiarize you with the IT Transformation program and activities. This week's word is:

IT Transformation Framework

The model through which the State of Illinois plans to transform its IT environment, with a focus on the following key dimensions: leadership and governance, finance, talent, technology (including applications and infrastructure), and service excellence.

Click here for the full IT Transformation operating model!

As always, send questions to IT.Transformation@Illinois.gov
